

The 2026 Oscars: Nominations List

-All 24 categories for the first time: started with the top 6 categories in 2020, slowly adding more each year; 2026 marks my first time doing all categories (finishing the "Oscars Death Race"), adding casting (new to the Academy) and finally committing to the original song (and the songs' complete films) and documentary feature categories.

-🧐 My pick to win if I was a voter (NOT who I think the Academy will choose)

-All are in the order of my final ranking

—including snubs (which I would have nominated over at least my last-ranked nominee, if not higher)

-35 unique feature-length feature films (plus 15 shorts) across the 24 categories

-All Best Picture films seen in theaters

-Link to my ranking of the Top 25 films of 2025: <https://boxd.it/DX7Aq>.
